Lecture 1: Syllabus Day 1

lol we did nothing

Tue 03 Sep 2024 11:00

Lecture 2: Syllabus Day 2

Thu 05 Sep 2024 11:00

Lecture 3: Syllabus Day 3?

lol

Mon 09 Sep 2024 11:16

Lecture 4: First day of math?

nope we did nothing lol

Tue 10 Sep 2024 11:00

Lecture 5

Tue 08 Oct 2024 10:19

Lecture 6: Balls and Boxes

Mon 11 Nov 2024 11:39

We have a set of boxes, which are either the same (same color), or different (diff colors). We then have a set of balls, which are numbered. Based on their numbering, they are either distinct or identical. We then have (B, c) is a set B with a color c . S is the set of all (B, c) . Each set B has balls, which are indicated by number.

Lecture 7: Lol
